Sir:

This amendment is in response to the final Office Action of December 31, 2003. In the Office Action, the Examiner rejected claims 1-5 and 7-10 and 15, and allowed claims 6 and 11-14.

In The Specification

Please amend the abstract as follows:

Abstract

A hinge assembly is provided for hinging a hood on a utility vehicle body so as to enable the hood to open upwardly and backwardly from the front end of the utility vehicle. A bracket made from steel is secured adhesively to an underside of the hood, which is made from a polymeric material, near a back end of the hood. A double-rocker, four-link mechanism includes a lower, fixed link
